By returning this envelope with a contribution, you will help us bring our message of hope and our vision of "a world without Alzheimer's" to thousands of local families who struggle daily with the effects of this overwhelming disease.

The Alzheimer's Association is the world leader in Alzheimer research and support. For more than 25 years, the donor-supported, not-for-profit Association has provided reliable information and care consultation; created supportive services for families; worked to increase funding for dementia research; and influenced public policy changes.
